JOO'S WORD Come let us go into the House of the Lord DAYS COME

... and it's time to conserve it ... time to save it! It is evident, when we witness the increased destruction of timber lands, national cover crops and wide-spread erosion, America needs a national Save-The-Soil-Week. It is urgent that we treat Mother Earth with greater respect and appreciation. We must give back to her as much as we take away. There's no better time than during National Save-The-Soil-Week, to come to a full realization that "The earth is the Lord's and the fullness

thereof." We are stewards, appointed by God, to look after the earth He gave us. It is time to renew your faith in God

and the Good Earth.
